

Drone Operators Course

Next year, NZCF will hold the very first Drone Operator's Course! This course aims to teach cadets the basics of drone operation and drone racing. This will take place over **18-20 Feb**, at Trentham Military Base.

The prerequisites for the course are:

- Completed the first year training syllabus
- An interest in STEM subjects and associated practical experiences
- An interest in the sport of drone racing

To apply for this course:

- Apply on Cadet Net under the ATP section.
- Ensure your Next of Kin approve your application ASAP

To attend this course, you must be fully vaccinated and have your vaccination evidence and dates loaded into CadetNet prior to your application.

The final date for applications is 18 December, so make sure to get your applications in quickly! For any questions, please email luke.trenberth@cadetforces.org.nz
