This activity is for the **Shooting Team only**. Please ask FLTLT Farrow or PLTOFF Townsend if you are not sure if you are in the team (you should have been told in person and sent an email).

We have two practices in October before the competition in November. Note that the 15 Oct practice is open to the whole unit, however shooting team members may arrive early (0900) for extra practice.

You do not have to attend for the full day on 15 Oct, however please let us know if you plan to arrive late or leave early. You must attend the full day for both shoots in Ashburton unless you can arrange your own transport (in which case let us know ASAP).

It is not essential that you attend both practices but the final team will be taken from the scores achieved in the practices.
